**Prof. E. E. Bach of Ellsworth Finley to Speak to
Athene Club Members**

PROGRAM TO BE VARIED

Much interest is being manifested in the coming to Charleroi of Prof. E. E. Bach, sociological superintendent of the Ellsworth Collieries company Friday afternoon to be present at the meeting of the Athene club, and to make an address to the members of the club and invited guests. The meeting will be held at the home of Mrs. R. C. Mountsier on Fallowfield avenue.

The subject that the Athene club will have for study on Friday afternoon will be "Social Welfare," this to be a departure in some respect from the season's study of Italy. Prof. Bach's address will be on "The Relation of the Social Worker to the Community."

LICENSE SITUATION IN WESTMORELAND MUCH COMPLICATED

In addition to general remonstrances which have been filed against all the Monessen hotels, four of the applicants face special remonstrances. There are 17 applicants in Monessen, 14 of which already hold license and three new ones. The Pittsburgh Steel company has joined hands with the ministers in the fight. There are 237 applicants in all of Westmoreland county, and remonstrances have been filed against 52 of the applicants for hotel license and one against one of the distillers.

COMEDY VAUDEVILLE BILL AT PALACE THEATRE

The vaudeville program booked for the Palace theatre this week is a good one made up of a comedy sketch, singing and dancing. In addition to the vaudeville a three part picture "The Marriage of Convenience," will be shown. Manager Barnhart has a good show booked to appear Monday. Marion Leonard will play the leading part in a three reel feature, "A Leaf in the Storm," and "Jess," a four reel production with Miss Constance Crowley in the title role will be shown.

Did You Save Your Camel?
Claybaugh and Milliken of Charleroi, elsewhere in this issue acknowledge ownership of the camel herd and say that they will gladly buy all camels at 25 cents per head. One camel will be redeemed with each \$3.00 worth of trade on opening day (Saturday, March 14) of their business Humping Sale. For full particulars see page three of this issue.

As you will know when Claybaugh & Milliken offer any special bargains they are genuine reductions and we know our readers will do well to take advantage of the many chances to save.

CHARLEROI MEN WORK HARD TO GET CONVENTION

In addition to other influences brought to bear to secure the district convention of United Mine Workers for Charleroi next year, the town is especially indebted to former Assemblyman William Feeney, Edward Kelly, Leroy Bruce and John O'Leary. These were delegates to the convention and all worked hard for Charleroi. In securing the convention for Charleroi there were many obstacles to overcome. The district convention had always been held in Pittsburgh, and many of the delegates were opposed to changing the place of meeting. In addition there were many side attractions in a city the size of Pittsburgh which some thought would be lacking in a smaller town. However the delegates mentioned, figuratively pulled off their coats and went to work and the fact that they landed the convention is evidence of the success of their efforts.

LOCAL MAN WRITES WORDS FOR SONG

"On the Old Monongahela" is the title of a song for which the words were written by David Stewart of Charleroi, that will be played at the Palace Theatre Thursday, Friday and Saturday nights. The song is in the nature of a ballad with a pretty sentiment in the words. The composition of the words is Mr. Stewart's first attempt and he is receiving congratulations for his success.

REPORT MADE BY SCALE COMMITTEE

**Progressiveness Shown in
Planks Presented at Pitts-
burg Convention**

CALL IS PRESENTED

The miners' representatives at the district convention of United Mine Workers at Pittsburgh completed their business Wednesday and adjourned since die. The scale committee submitted the following report, which was adopted:

"We, your scale committee, after carefully considering every phase of the present situation that confronts our organization and also the resolutions referred to us by the local unions, beg leave to submit the following report:

First. We reaffirm the demand made by the miners at the Indianapolis convention.

Second. As the mine workers of the entire country would under no condition accept another contract with the third clause of the Cleveland agreement attached and as we believe it is of vital importance to our district organization to have our internal questions referred back to the district for settlement, and in order that this may be accomplished by your scale committee and that we will at least have no obstacles in the way, we recommend that the resolutions referred to the scale committee be acted upon by that committee as a guide in the deliberations with the operators in negotiating our district, and that the results of our negotiations be referred either to a special wage scale convention or a referendum vote of the Mine Workers of the Pittsburgh district.

President White of the United Mine Workers has called another conference of miners and operators to meet in Chicago March 17 for the purpose of further considering the scale contract and it is hoped that some agreement may be reached at that meeting.

MONGAH MAN IS PLACED IN JAIL ON MURDER CHARGE

Everett Kearnes, aged 30, a coal miner of Mongah, is held in the Allegheny county jail charged with murdering his brother, Levi Kearnes, aged 26 late Tuesday afternoon in their home in Mongah. The killing, it is said, was the termination of a quarrel of long standing. Mrs. Michael Kearnes, mother of the boys, witnessed the affair.

The boys engaged in a fight a year ago. It is said and Everett was severely worsted. Tuesday, it is said they quarreled over the amount of coal yardage each had dug. Everett went to the upper floor, obtained a shotgun, went to the lower floor again and when his brother appeared, placed the muzzle against his breast and fired. Everett said his brother had threatened him. He was taken to the jail in Monongahela, but because the crime was committed in Allegheny county was taken to Pittsburgh.

At these prices it will pay to buy and lay away for next year, ladies', Misses', and children's coats—wonderful bargains—Berryman's. 203-12

LETTERS SENT TO PHYSICIANS

**Advices Them Concern-
ing Tuberculosis Cases**

MENTIONS SANATORIUMS

Practically all of the 11,000 practicing physicians throughout Pennsylvania are in receipt of a letter from state commissioner of health Samuel G. Dixon, calling attention to the free treatment the state offers all indigent sufferers from tuberculosis and requesting them to refer all poor persons suffering from this disease to the state dispensaries. The letter in part follows:

The commonwealth of Pennsylvania is offering to its people, who are suffering from tuberculosis and who have not sufficient means to secure for themselves the special treatment needed, greater opportunities than were ever offered before in this country. There have been provided three modern sanatoriums at places convenient to every portion of the state, where treatment is free. In addition in order to provide for those who for any reason are not able to go away from home there has been organized a system of free dispensaries. Admission to the state sanatoria can be secured by application at any of the dispensaries. At both dispensaries and sanatoria patients are accepted at all stages of the disease.

The dispensaries number 114. There is at least one in each county. The number being regulated by the population of the district. The dispensaries do not accept for treatment any person who is not tuberculous, or whose circumstances are such that it would be no hardship to pay for the special attention demanded. Dispensary physicians are forbidden to accept as a private patient anyone who has been enrolled at a dispensary.

Dispensary physicians urge every applicant to enter a state sanatorium. We believe the sanatorium treatment is far preferable to any treatment at home.

SCHOOL SCENERY IS IN PLACE FOR ENTERTAINMENT

New scenery has arrived for the high school auditorium and has been placed in position on the stage of the beautiful new building. It will be seen for the first time on the occasion of the Ninth street school entertainment to be given tomorrow night. The entertainment program is one of merit, and the announcement of it has attracted much attention. The teachers and Prof. J. T. Daniel supervisor of music in the schools have been co-operating in the preparation of the program. Musical and literary numbers will feature the somewhat miscellaneous program.

The Ninth street school entertainment is the first of a series to be given by the schools. One will be given by the pupils of each of the three schools.

CONDUCTOR DIES AFTER OPERATION; WELL KNOWN HERE

Word was received here today of the death in Pittsburgh at his home of John Ody, aged 65, one of the veteran conductors of the Monongahela division, P. R. R. Conductor Ody took ill about ten days ago and was forced to relinquish his duties. It was found an operation was necessary, and he was taken to the hospital. It is stated that upon operating the surgeons found his condition so serious that they did not attempt to do any cutting beyond opening his body, but sent him home at once.

Mr. Ody was well known all along the Monongahela valley. He was reared in the vicinity of Monongahela and previous to the time when he took employment with the railroad, was employed as a miner. Of late he has been in charge of train No. 152 south bound which makes a Charleroi stop at 11:52 o'clock, and of train No. 161 north bound which stops here at 3:12.

ANTICIPATE GOOD SEASON FOR SPORT

**Monongahela Valley Athletes
Getting Preliminaries
Under Way**

The year 1914 promises to be a good year for sports in the upper Monongahela valley. School, independent, semi-professional and professional athletic and sport circles are getting preliminaries under way in various towns.

Charleroi as a center of a populous district will have representing it, if present plans do not miscarry, a team in the Pennsylvania West Virginia class D league, and an independent baseball team. In addition there will be numerous other athletic organizations that will have teams in the field. Among them will be the Charleroi high school and most likely St. Jerome's Lyceum.

At Monongahela one of the strongest independent baseball teams ever representing this part of the Monongahela valley is in course of formation, with Vic McGinty, formerly of the Pennsylvania and West Virginia O. and P. and other leagues as one of the leading spirits. This team will be even better than it was last year, when it cleaned up practically every independent team in western Pennsylvania. Their season will be opened on April 25.

Monessen will have a strong independent team that will play under the name of Page A. A. However, no definite plans for its organization for the year have been put under way, but it is announced that with the opening up of the season about the first of May a strong lineup will be presented.

At Donora there is little talk of baseball yet for the summer, but moving spirits there are considering the organization of a team.

One of the much looked forward to events of the early spring is that of the Monongahela Valley high school field meet, which will in all probability be held as usual in Charleroi towards the latter part of May. Last year Charleroi, Monongahela and Monessen high schools contested in this field meet, with Charleroi coming out in the lead. Both Charleroi

STATE POLICE LEAVE VALLEY

**Monessen Detachment is
Called Back to Greens-
burg This Week**

HERE NINE MONTHS

The Monessen station of the state police has been discontinued and the detachment there has gone to Greensburg upon orders having been received there from the Western Pennsylvania headquarters. Included in the detachment which left Monessen Wednesday were Sergeant Thomas J. McLaughlin, John E. King and James Clusky.

The state police have maintained a station in Monessen for about nine months or from a few weeks after the shooting of Policeman Michael Entinger in Wireton. During that period much work has been done.

Of the members of the state police who were at Monessen none became better known or more liked than Sergeant McLaughlin.

PLAYERS BEING SIGNED FOR TEAM

Playing manager Charles O'Day of the new Charleroi team in the Pennsylvania West Virginia league is busy signing players for the local team according to word received this morning from Paul B. Wreath from Newark, N. J. Mr. Wreath says he will probably have some interesting news to give out shortly concerning the makeup of the Charleroi team.

PASS BAD CHECKS AT THE COUNTY SEAT

Charleroi is not the only place to be afflicted with the bogus check man. The latter has been operating at Washington and as a result a grocery store is out a ham and \$11.50 in cash. A well dressed young man walked into Farrell Brothers' grocery on West Chestnut street Wednesday and gave an order for groceries to be delivered at a number on East Beau street. In the order was a ham which the young man said he would take with him. In payment he tendered a check for \$15 payable to George Smith and signed by George B. Fulton. He was given \$11.50 in change and departed with the ham. When the order was sent to the number given it was found that no such number existed and later it was learned that the check was a forgery.

CHARLEROI'S HOSPITALITY
By going after it, the Charleroi
bor and business interests have se-
cured the distinct miners' convention
of next year. This is a large and
representative gathering of miners
which has heretofore been held in
Pittsburg. By securing this conven-
tion for Charleroi next year it is
expected that both the craft and the
town will be benefited and that Char-
leroi's importance as an industrial
and commercial center will be em-
phasized.
Already Charleroi has a leading rep-
utation as a convention town in the
Monongahela valley, and during the
last two years some of the most im-
portant conventions in local affairs
have been taken care of here with
credit both to the people of the town
and the assembled guests. In each
instance the visitors have been hos-
pitably received, and well entertain-
ed and in each instance the latter
have been lavish in their praise of
Charleroi hospitality.
These conventions serve to draw
persons interested closer together
and to promote cordiality and friend-
ship that is more or less enduring.
Like the other visitors the miners'
representatives will be welcomed in
Charleroi and given the glad hand of
fellowship.

FOLLOWING THE "POPS"
What may be considered rank polit-
ical heresy at the present day may
be enacted into law a decade hence
and operating smoothly and satis-
factorily. Today many persons lit-
erally "go up into the air" at the
mention of the initiative, referendum
and the recall, particularly if the lat-
ter is applied to the judiciary. It is
safe to assume, however, that the in-
itiative, the referendum and the re-
call will within an amazingly short
time be in effect over all the United
States. More than that, it will ap-
ply to the judiciary, and then laws
will be interpreted on the broad
grounds of human service, instead of
narrowly in favor of special interests.
Some of the most prominent so-call-
ed political fallacies of twenty years
ago are now enacted into statute law.
In 1892 the Populists of the west,
who were then deemed political out-
casts, demanded in their platform
graduated income tax. That is now
upon the statute books of the nation.
They also demanded a government
savings bank. That is also a

part of the revised statutes. An-
other plank of the Populistic plat-
form of 1892 was: "We favor a con-
stitutional provision providing for
the election of United States senators
by popular vote." That too is en-
acted in the law of the land. The
Populists of 1892 also con-
sidered the initiative and referendum,
which has since been adopted by
fifteen states, and also became a
feature of the constitution and
therefore under the government.
What has been accomplished by the
pastmaster general of the present
Democratic administration.

The Populist party was absorbed
by the old parties, but its principles
remain. What are considered radi-
cal propositions today will not be
so tomorrow. The spirit of public
service is abroad in the land, and
hereafter law and government will
be founded upon direct service to the
people.

PICKED UP IN PASSING

Speaking of buying Christmas
presents on the installment plan,
said the general manager of one of
Pittsburg's largest department stores
"brings to mind an amusing but cost-
ly experience related to me only re-
cently by the bookkeeper of our com-
pany. I had noticed the collector of
a well-known jewelry firm making
his weekly rounds among our young
men, and had jokingly asked the
young bookkeeper why he was not
among the number. With a sheepish
grin, he replied, 'You will under-
stand if you care to hear of my first
and only experience in that line.'

"Several years ago," he continued,
"I was greatly interested in a young
lady a few years my senior, but of
most attractive appearance and en-
gaging manners. She was highly
educated and very fond of reading, so
as Christmas approached it occurred
to me that a handsome edition of a
favorite author would give her more
pleasure than one of the many trink-
ets that other girls admire. Accord-
ingly my choice fell upon a beau-
tiful edition of Thackeray, priced at
\$45. This amount was rather more
than I had intended to spend, and a
cash settlement at the time was im-
possible, but the obliging salesman
suggested, a weekly payment of 75
cents. With the glamor of Christ-
mas before my eyes this seemed a
trifling matter, and I met the obli-
gation regularly on each weekly payday.
"By the first of June I had paid
\$15, with a balance of twice that
amount on the wrong side of the led-
ger.
"Then love's young dream was
suddenly shattered when I received a
beautifully engraved card announc-
ing the lady's marriage to a gentle-
man from a distant city.
"By the time I finally liquidated
my debt the object of my affections
had become the mother of a fine boy,

and so far as I am aware had com-
pletely forgotten the fact of my ex-
istence."

A royal scheme to promote a
tendency has been devised by the
Methodist Episcopal Sunday school
of Connellsville and will be inaugu-
rated within a short time. According
to the plan, all classes are to be
started on an imaginary trip to the
Holy Land, a distance of 2100 miles.
Credits of various kinds will count
so many miles in the trip and the
class to complete it first will receive
a suitable prize.

"Thus, one new school secured by
a class date is about 10 miles and
perfect attendance, 10 miles study,
etc., also add to the total in smaller
amounts of miles. Record will be
kept and the contest promises to be
unusually interesting.

WE HAVE FAITH IN THIS STOMACH REMEDY

A woman customer said to us the
other day, "Say, you ought to tell
everyone in town about Rexall Dys-
pepsia Tablets. I would myself if
I could." That set us to thinking. So
many people have used them and
have so enthusiastically sounded their
praises both to us and their friends,
that we had an idea you all knew
about them. But, in the chance that
some of you who suffer from indiges-
tion, heartburn, dyspepsia, or some
other stomach complaint, don't know
about them—we are writing this.

The contain: Bismuth and Pepsin,
two of the greatest digestive aids
known to medical science. They
soothe and comfort the stomach,
promote the secretion of gastric juice,
help to quickly digest the food and
convert it into rich, red blood, and
improve the action of the bowels. We
believe them to be the best remedy
made for indigestion and dyspepsia.
We certainly wouldn't offer them to
you entirely at our risk unless we
felt sure they would do you a lot of
good. If Rexall Dyspepsia Tablets
do not relieve your indigestion, check
the heartburn and make it possible
for you to eat what you like when-

5 Women Avoid Operations

For years we have been stating in the newspapers of the
country that a great many women have escaped serious op-
erations by taking Lydia E. Pinkham's Vegetable Com-
pound, and it is true.

We are permitted to publish in this announcement
extracts from the letters of five women. All have been
recently received unsolicited. Could any evidence be
more convincing?

- HONGDON, ME.**—"I had pains in both sides and such a soreness
I could scarcely straighten up at times. My back ached and I
was so nervous I could not sleep, and I thought I never would be
any better until I submitted to an operation, but I commenced taking
Lydia E. Pinkham's Vegetable Compound and soon felt like a new
woman."—Mrs. HARVARD SOWERS, Hodgdon, Me.
- CHARLOTTE, N. C.**—"I was in bad health for two years, with
pains in both sides and was very nervous. I had a growth
which the doctor said was a tumor, and I never would get well unless
I had an operation. A friend advised me to take Lydia E. Pink-
ham's Vegetable Compound, and I gladly say that I am now enjoying
fine health."—Mrs. ROSA SMITH, 16 Winona St., Charlotte, N. C.
- HANOVER, PA.**—"The doctor advised a severe operation, but my
husband got me Lydia E. Pinkham's Vegetable Compound and I
experienced great relief in a short time. Now I feel like a new person
and can do a hard day's work and not mind it."—Mrs. ADA WITT,
196 Stock St., Hanover, Pa.
- DECATUR, ILL.**—"I was sick in bed and three of the best physi-
cians said I would have to be taken to the hospital for an opera-
tion as I had something growing in my left side. I refused to sub-
mit to the operation and took Lydia E. Pinkham's Vegetable Com-
pound—and it worked a miracle in my case, and I tell other women
what it has done for me."—Mrs. LUCIA A. GRISWOLD, 2300 Blk. East
William Street, Decatur, Ill.
- CLEVELAND, OHIO.**—"I was very irregular and for several years
my side pained me so that I expected to have to undergo an op-
eration. Doctors said they knew of nothing that
would help me. I took Lydia E. Pinkham's Vegeta-
ble Compound and I became regular and free
from pain. I am thankful for such a good medi-
cine and will always give it the highest praise."—
